

8510 Horse Blanket Recommended Use Guidelines

1. Do Not use for turnout. Blanket not designed to withstand the rigors of horse play in a pasture, (i.e. rolling, rubbing against trees, fence posts, etc.) Horse Blanket designed for short term cool down regimen, 30 minutes to 1 hour. When any of the Equine Cooling products are on a horse it is highly recommended that a rider/groom is present to supervise.
2. The blanket is designed to help expedite the cool down process, *not* replace it.
